

Lineman Appreciation Day

April 18

energyworks®

A monthly resource for
PNM customers

April 2022

Inside

- Lineman Appreciation
- Every day is Earth Day
- High winds season
- Spring ceiling fan tip
- Isotopes coupon

Staying Safe in Strong Winds

Never attempt to retrieve a kite or device that is caught in a power line or that falls into a substation. Instead, call us at **888-DIAL-PNM**.

- ⚠ Fly kites, drones and model aircraft in open areas, away from power poles, overhead power lines and substations.
- ⚠ Metallic party balloons can cause fires and power outages if released into the air. Keep them indoors and dispose of them in the trash.
- ⚠ Wind may blow tree branches into powerlines. Never attempt to remove branches or trees from the lines.

Stay away and call us at **888-DIAL-PNM**.

Set Ceiling Fans to Counterclockwise

Cooling your home with ceiling fans will allow you to raise your thermostat four degrees. This can help lower your electricity bills without sacrificing overall comfort. In the spring and summer, they should be turning counterclockwise so the blades push air downward, making the home feel cooler. Make sure to turn off the ceiling fans when house is empty. This simple step can help with circulating the cooler air in the room and also save you money on your electric bill because your air conditioner doesn't have to work so hard to cool your home.

The energy efficiency line on your bill pays for programs that save energy and avoid the cost of new electricity generation.

Thank a Lineman

National Lineman Appreciation Day is Monday, April 18, and it is a wonderful time for us all to express our gratitude and appreciation for the crews who work so hard to keep the lights on. Linemen brave storms and hazardous situations every day in order to serve the community with safe and reliable power, and we need your help saying, "thank you". During the entire month of April 2020, customers will have the ability to personally thank a lineman for the special work they do.

Visit ***PNMThankYou.com*** to send a personalized thank you note to PNM crews.

Every Day is Earth Day at PNM

Our Team Green seeks ways to reduce its facilities' environmental impact by developing programs and practices that make sense for each of the company's buildings.

Last year, 129M lbs. of material was recycled, 779.5k lbs. was reused, and 173.k lbs. have been donated. A total of 67 different types of material have been entered into the Team Green database. Listed below are some of our top recycled materials in 2021:

Metal - Aluminum 736.7K lbs.; **Used Oil - 700K lbs.;** **Metal, Mixed Iron & Steel - 549.6K lbs.;** **Wood, Wood Chips - 520K lbs.;** **Utility Poles - 320.8K lbs.;** **Paper, General Office - 77k lbs.;** **e-Waste, Computers and Electronics - 31.4k lbs.**
