PNM Resources Foundation helps 42 New Mexico nonprofits achieve a brighter future

Reduce Your Use grants help nonprofits spend less on electric bills and more on providing essential services

(Albuquerque, N.M.) – Today, the PNM Resources Foundation announced the recipients of its 2022 Reduce Your Use grants, cumulatively providing more than \$200,00.00 to nonprofits throughout New Mexico. The funds will be used to complete projects that reduce their energy use and lower their electric bills. These projects include solar panel installations, updating heating and cooling systems, energy efficient lighting, energy saving appliances and more. Completion of these projects will not only save energy and money but will mean a cleaner and healthier environment for their clients and staff.

“Saranam’s proposed project construction activities will lead to increased housing stability and increased individual and family resilience for up to 25 unhoused families who will enter our

program and reside at the Westside campus,” said Dianne Campbell, Saranam’s Director of Development. “The goal is to construct net zero energy homes. With help from the PNM Resources Foundation, new homes will be supplied with new, energy efficient appliances.”

“We are committed to working with our customers to find ways to help them save energy,” said Laurie Roach, PNM Resources Foundation Executive Director. “These 42 nonprofits are redirecting funds from their electricity costs into their mission, and we are happy to help them in this way.”

Receiving PNM Resources Foundation Reduce Your Use grants means nonprofits reduce both energy use and carbon emissions while fulfilling their mission in our community.

The 2022 PNM Reduce Your Use nonprofit partner recipients are:

###

About PNM Resources Foundation

Since 1983, the PNM Resources Foundation has helped improve the quality of life by supporting nonprofit organizations served by PNM. The PNM Resources Foundation is a separate, nonprofit, tax exempt corporation governed by a board of trustees comprised of PNM Resources employees. No customer funds are part of the PNM Resources Foundation endowment. For more information, including how each of the grant recipients are serving people in our communities and what project this grant is going towards, visit [PNM.com/grants](https://www.pnm.com/grants).

About PNM

With headquarters in Albuquerque, PNM is the largest electricity provider in New Mexico, serving more than 530,000 customers in dozens of communities across the state. PNM strives to create enduring value for customers, communities and shareholders built on a foundation of Environmental, Social and Governance Principles. At the core of our business, we are focused on our vision of creating a clean and bright energy future, our purpose of working together with our customers and community to serve their energy needs, and our values of safety, caring, and integrity. PNM is a subsidiary of PNM Resources, an energy holding company also headquartered in Albuquerque. Visit [PNM.com](https://www.pnm.com) for more information.
