

We are members of your community, and you can count on us.

Across New Mexico, crews of hundreds of employees work year round to help schools, nonprofit and government groups make our communities safer, stronger, and more vibrant.

Ways We Make a Difference

- Volunteer to mentor youth with Big Brother's Big Sister's mentor 2.0, cook meals at Ronald McDonald House, judge science fairs and read to children through ABQ Reads.
- Partner with tribal schools to teach students about the basics of solar energy through our annual PNM Solar Car Races. This project connects PNM employees with Native American students to stimulate interest in engineering, solar energy and teamwork.
- Volunteer for more than 20 nonprofit organizations across New Mexico on PNM annual Day of Service.
- Serve on scores of boards of nonprofits and civic organizations throughout New Mexico.
