- Safety isn't scary

What's your "why"?

PNM is a proud member of the communities we serve, and PNM employees are enthusiastic about volunteering and donating their time and money to support many important causes and organizations in New Mexico. Most recently, PNM employees participated in the virtual Relay for Life, benefiting the American Cancer Society. PNM employees raised over \$6,000 and over 30 employees participated in the event.

"I started volunteering for Relay For Life last year when my dear friend was diagnosed with breast cancer. I love that the money raised stays in our community and helps local cancer patients with housing, rides to appointments, wigs, etc. Sadly, my friend passed away in March of 2020, but I will continue to Relay and help because I know that is what she would have done."

- Amanda, PNM employee

"My first Relay was 19 years ago when I first joined PNM. American Cancer Society supports New Mexico residents when they don't know where to turn when they hear the words "You have cancer." With every dollar we raise we are that much closer to finding a cure for this dreaded disease. This is why I relay!"

- Donna, PNM employee

The energy efficiency line on your bill pays for programs that save energy and avoid the cost of new electricity generation.

Safety isn't scary

If you are decorating your house or business with spooky decorations for Halloween, make sure you're not putting too much strain on your extension cords. If any part of the cord, plug, or socket is hot, discontinue use to prevent overheating.

Turn decorations off when you leave and before you go to bed in the evening.

Two easy ways to save money and energy in your home

DID YOU KNOW?

...that you can learn how to save money and energy in your home through a specialized home energy assessment with one of our PNM energy specialists?

DID YOU KNOW?

...that if your refrigerator or freezer is inefficient or you have a second unit in the garage that isn't getting much use, that could be contributing to high energy bills?

Our PNM Home Energy Checkup program and Refrigerator Recycling program could save you some money and the worry of high energy bills the rest of this year.

It's easy to get started.

Together, we give big!

This year, we've all been a part of and witnessed, acts of kindness (big and small). PNM, in partnership with the Corporate Volunteer Council, provided the APS Clothing Bank with nearly \$48,000 in school supplies and monetary donations.

This incredible outpouring of donations help our heroic educators, school systems, families and children maintain the course of their educational, behavioral, and personal growth. Uncertain times haven't changed the way New Mexicans, PNM, and our partner companies care for our communities and families.
