Find a registered program contractor near you at PNM.com/coolrebate or call (866) 678-5163.

\$50 OFF ENERGY STAR® CERTIFIED SMART THERMOSTATS

Smart thermostats make saving energy easy. By learning your temperature preferences and schedule, a smart thermostat can automatically adjust your home's temperature for optimal savings and comfort.

Advantages of smart thermostats:

- Adapt to your schedule and preferences for maximum savings, comfort and convenience
- Can be remotely controlled via smartphone, tablet or computer
- Let you easily track and manage your energy use

Make the smart choice. Get one installed at the same time as your new cooling system to qualify for a **\$50 rebate**.

See a complete list of eligible models at PNM.com/coolrebate.

Smart thermostats installed by the homeowner or on a standalone basis are not eligible for this rebate.

SUMMER'S MOST REFRESHING REBATES

Save up to \$400. How cool is that?

Available rebates:

	Split Central Air & Heat Pump Systems	Packaged Central Air & Heat Pump Systems	Rebate Amount
CEE Tier 1	SEER 15, EER 12.5 *HSPF 8.5	SEER 15, EER 12 & *HSPF 8.2	\$200

REQUIRED DOCUMENTS

Please submit the following items with this completed application form:

- 1 A copy of a recent PNM residential electric bill
- 2 A copy of final invoice showing:
 - Date of Purchase
 - Installation Address
 - Purchase Price and Quantity
 - Manufacturer Name(s) and Model Number(s)
- 3 To be eligible for the rebate, units must be listed in the CEE Directory of Efficient Equipment. A CEE Tier 1, 2 or 3 certificate number (aka AHRI certificate reference number) and copy of the printed certificate provided by Registered Program Contractor must also be submitted with your completed rebate form. All system components must be matched in the AHRI directory for rebates to be processed. For split systems, this would include the furnace or air handler.
- 4 **Rebate requests must be submitted within 60 days of system installation date.** Incomplete information will delay or disqualify your rebate. Allow 6-8 weeks for rebates to be processed.

For assistance with your rebate application or questions about rebate status, please call (866) 678-5163.

PNM Energy Conservation Measure Rebate Program: PNM residential customers are eligible to get up to \$400 back from PNM when they purchase and have a registered program contractor install an eligible CEE Tier 1, 2, or 3 refrigerated air conditioner or heat pump system (the "Energy Conservation Measure"). **This rebate is good for purchases/installations made March 1, 2020 through December 31, 2020 or while funds are available for this program.**

To be eligible for this rebate, the refrigerated air conditioner or heat pump system **must be installed by a registered program contractor included on the list found at PNM.com/coolrebate.** Limit two (2) refrigerated air conditioner or heat pump system rebates per PNM residential electric customer account. **Rebate amount paid cannot exceed product price excluding all taxes, fees, and installation costs.** PNM residential customers are also eligible for a \$50 rebate for any eligible ENERGY STAR smart thermostat installed by a registered program contractor at the same time as the installation of a qualified Tier 1, 2 or 3 refrigerated air conditioner or heat pump system. **Smart thermostats installed by the homeowner or on a stand alone basis are not eligible for this rebate.** Limit two (2) smart thermostat rebates per PNM residential electric customer account. By participating in this PNM rebate program, customers agree to and acknowledge the Rebate Program Disclaimer of Warranties and Waiver and Release of Liabilities, which can be viewed in full at PNM.com/coolrebate or by requesting a hard copy from PNM by calling (866) 678-5163.

PLEASE NOTE: Manufacturer equipment model numbers on installation invoices must match model numbers listed on rebate form and on the AHRI certificate. **New construction homes are not eligible for refrigerated air and heat pump rebates.** PNM reserves the right to inspect all rebated products to verify compliance with program rules and the accuracy of project documentation. This may include post-installation inspections or participant interviews.
