

NOTICE TO PNM CUSTOMERS

Public Service Company of New Mexico (PNM) filed its second annual grid modernization review filing with the New Mexico Public Regulation Commission on April 10, 2026, under Docket Number 26-0000069. The filing presents PNM's progress to date in implementing the grid modernization plan approved in late 2024 in PRC Docket No. 22-00058-UT and provides updated cost estimates and timelines for grid modernization implementation activities to take place in 2026 through 2030. PNM requests the updated cost estimates for year three (2027) to be approved and presumed reasonable, and that PNM be authorized to classify Software-as-a-Service costs for years two (2026) through six (2030) as capital. PRC proceedings have begun to address the requests in PNM's Application.
