‘Reduce Your Use’ Grants empower nonprofits to save on energy costs and advance their mission

(Albuquerque, NM) – Applications for PNM’s Reduce Your Use Grants are open to local nonprofits looking to make energy-saving upgrades that directly support their operations and the communities they serve. These grants enable nonprofits to reinvest savings directly into the heart of their mission driven work.

With \$300,000 designated for this year’s grant cycle, eligible nonprofits can apply for up to \$5,000 to fund projects that reduce energy use and operating expenses.

Projects can include insulation, updating heating and cooling systems, energy efficient lighting, energy saving appliances, and solar panel installations.

To apply, visit [PNM.com/Grants](https://www.pnm.com/grants). Grant applications close July 31, 2025.

Since the Reduce Your Use grant became available in 2008, PNM’s Foundation has provided more than \$4 million to local nonprofits to help them save money and energy.

PNM is honored to support the nonprofits that power New Mexico together.

The Reduce Your Use Grants are one part of the \$1.3 million in total funding provided by the PNM | TNMP Foundation (formerly the PNM Resources Foundation) in 2025 to support local nonprofits across New Mexico and Texas. This commitment reflects the Foundation’s mission to strengthen communities through education, environmental sustainability and economic development. The PNM | TNMP Foundation is a separate, nonprofit, tax-exempt corporation governed by a board of directors comprised of TXNM employees. No customer funds are part of the PNM | TNMP Foundation endowment.

###

About PNM

PNM is the largest electricity provider in New Mexico serving nearly 550,000 customers. PNM is committed to transitioning its electricity to 100% carbon free while ensuring a reliable and resilient power system. Visit [PNM.com](https://www.pnm.com) for more information.
