

NOTICE TO PNM CUSTOMERS **OF APPLICATION TO TERMINATE THE SKY BLUE** **VOLUNTARY RENEWABLE ENERGY PROGRAM**

On October 31, 2025, Public Service Company of New Mexico (PNM) filed an application with the New Mexico Public Regulation Commission for approval to terminate PNM's Sky Blue voluntary renewable energy program and cancel Rider No. 30.

The recommended decision in PRC Docket No. 20-00124-UT, filed October 14, 2020, found that, among other things, the costs of the PNM Sky Blue program had exceeded its revenues. The PRC initiated an investigative proceeding on whether the Sky Blue program in its current form met certain objectives and resulted in fair, just and reasonable rates.

After conducting this investigation, PNM determined its Sky Blue program should be terminated. If the PRC issues an order approving PNM's request to terminate PNM Sky Blue, PNM will execute a communications plan to make the transition as smooth as possible for existing PNM Sky Blue customers.

The Application and other filings in this case are available at the Commission's website under "Case Lookup E-docket" at <https://www.prc.nm.gov/case-lookup-e-docket/>, by referencing Docket No. 25-00071-UT, and on PNM's website, <https://www.pnm.com/regulatory>.
